Quality

- Electronic sorting
- Staff are experienced , well Trained certified employees, caring about improving their qualifications constantly .
- Available laboratories, to ensure high precision tests and accurate results.
- All our products are produced according to the highest quality standards and certified by the biggest quality institutes in the world.

Juices and Fruit pulps

Live every day and Enjoy every moment with the favourite companion from our range of Juices and fruit pulps, which gives the scent of refreshment and nutritional values anyone needs by taking a drink.

All our fruit pulps are made from fresh fruits, The product comes from the edible part of the fruit (endocarp). These are the juicy bags that are separated from the juice itself by a physical process. Cells improve texture of the juice and add up naturalness. They are stored in aseptic bags in 200 kg drums with a shelf life of 1 year if stored at 20 °C and 2 years if stored at 4-8 °C

Our ready to use juices are available in 1 litre / 200 ml, combi-bloc packaging, and have a shelf life of 1 year since the date of production.

They are available in 8 flavors “Cocktail-Guava-Mango-Orange-Peach-Pineapple-Pomegranate-Red Grape” to be the best choice at any time of the day.

Certificates

ISO 22000, ISO 18001 and HACCP
